Product Line

Highlights

AMERICAN GREEN TECHNOLOGY (AGT) www.agtus.org	Commercially viable energy efficient induction lighting solutions. AGT induction lights are extremely energy efficient and perfect for warehouses, parking lots, street lights and numerous other applications.
ANOLIS LIGHTING www.anolislighting.com	Reliability is the first priority as Anolis uses only the best components and precision manufacturing techniques ensuring all the benefits associated with LED: efficiency, long life, low maintenance, low heat and no UV output.
ANTONANGELI www.antonangeli.it	Antonangeli was founded in 1977, and immediately directs its attention to the design and creation of lighting with a strong personality: focusing its interest on a concept of light that is 'functional' and 'emotional' at the same time.
ARANCIA www.arancialighting.com	Arancia is dedicated to designing and producing high-end lighting fixtures. Arancia products are created around some of the most innovative technologies and production processes, using a wide range of prime-quality materials going from limited series artist pieces to aerospace grade materials and everything in-between
ATLANTIC LIGHTING www.atlantic-lighting.com	Their high-bay, downlight, linear and cylinder fixtures are ETL/UL approved and assembled in the USA. Atlantic is big enough for projects with thousands of fixtures, small enough to get them out the door fast, and competitively priced.
AV POLES www.avpolesandlighting.com	AV Poles and Lighting is a leading manufacturer of commercial and industrial grade poles, brackets, and bases for the outdoor lighting industry.
BEGHELLI www.beghelliusa.com	Emergency lighting, photovoltaic systems and electronic domestic, industrial and urban safety and security systems.
BYIBA www.byiba.com	A one stop shop for all your backlighting needs, Byiba provides turnkey architectural back light solutions for professional designers and architects. We take this approach from the light out versus the substrate in, offering many options in our collection in order to meet your budgetary and aesthetic goals.
CALI LIGHTING www.calilighting.com	CALI is a lighting fixture manufacturer of linear, power devices, step lights, tape and rope. Based in Anaheim, California where 90% of all fixtures are manufactured. Local manufacturing allows high product and quality control.
CERTOLUX SPECIALTY LUMINAIRES www.viscor.com	From high output examination lighting to luminaires for cleanroom and vandal resistant applications, Certolux provides specification LED and fluorescent solutions for a wide range of demanding environments.
CONTINENTAL POLE AND LIGHTING www.continentalpole.com	Continental Pole & Lighting provides quality and reliable products with competitive pricing. Offering includes Aluminum, Steel & Fiberglass Poles and Wallpack & Area Lighting.
CRUCIAL POWER PRODUCTS www.crucialpower.com	Crucial Power Products was founded in January 1997. The charter for our company is the design, engineering and manufacture of Central Lighting Inverters. All of our Inverters comply with the UL 924 Life Safety Code.
D'AC www.daclighting.com	At D'ac you will detect the assertive, yet refined lines and shapes deriving from our designers' interpretations of the industrial evolution in decorative & accent lighting.

DARK www.dark.be.com	<p>Wall Sconce, pendant, downlight, and linear stylish designs</p>
DAY-O-LITE www.dayolite.com	<p>Day-O-Lite designs and manufactures LED and fluorescent luminaires for the interior architectural specification market. Core product lines consist of recessed, linear suspended, perimeter and wall mount luminaires designed primarily for healthcare, education, office and national account applications.</p>
DE MAJO www.illuminatingexperiences.com	<p>DeMajo maintains the early Murano traditions and at the same time strives for new style appeal offering customers a wide selection of current design trends for who with a taste for contemporary appreciates authentic quality and elegance.</p>
ECOSENSE www.ecosenselighting.com	<p>EcoSense delivers a broad line of high-quality, cutting-edge LED lighting solutions for architectural and commercial applications with a compelling technology portfolio including the new industry-leading breakthrough dimming technology.</p>
EGLO www.eglo.com/usa	<p>For 40 years the EGLO group has evolved into one of the leading manufacturers of decorative interior lighting. Products include track, wall sconce, bollard and column, pendant, downlight, cylinder, under cabinet & task, and ceiling.</p>
ELA www.elationlighting.com	<p>ELA builds magnificent custom lighting fixtures for the commercial and hospitality markets in addition to quality residential outdoor fixtures.</p>
EL TORRENT www.eltorrent.com	<p>El Torrent is a company that creates and produces all kinds of interior decorative luminaires which adapt to any space thanks to their materials and artistic finishes, for both public and private applications.</p>
ESTILUZ www.estiluz.com	<p>Estiluz has been devoted to design, development, manufacturing and the distribution of high-range decorative lighting products. They use elegant, functional and timeless designs, superb quality materials and finishes.</p>
EUROFASE www.eurofase.com	<p>Eurofase provides artful illumination. Eurofase is born of a company culture that passionately seeks to improve the lives of its customer with innovative design, lasting quality and genuine service.</p>
EVENLITE www.evenlite.com	<p>Evenlite Inc. designs, manufactures, and markets a full range of emergency lighting products. With our patented use of LED technology, they have continued to lead the market with innovative products, unparalleled performance and aesthetic.</p>
FABBIAN www.fabbian.us	<p>Fabbian, North East Italy based, manufactures all the components inside its own business units, gives her distinctive touch to new modern design trends through a wealth of styles, using advanced production technologies, interpreting the new concept ideas from a pool of international architects and designers.</p>
FACON DE VENISE www.scangift.com/product/facon-de-venise	<p>We strive to constantly provide innovative, cutting edge, creative lighting design that include models designed. Our collections have been specified and installed in a diversity of Hotels, Hospitality, and Corporate and Residential interiors.</p>
FSC www.fsclighting.com	<p>FSC has been a leader in the residential lighting market for over 40 years. Aside from our full range of residential fixtures we offer a full line of commercial lighting products including; fluorescent, induction and LED fixtures of superior quality.</p>
HARCO LOOR www.harcoloor.com	<p>Each design is handcrafted and carries the signature of the designer. Only high quality materials are used and new innovative energy saving solutions are integrated.</p>
HEMERA www.hemeralighting.com	<p>Our mission is to continue to create innovative products for discerning customers seeking exquisite, high quality and performance decorative lighting.</p>

<p>HI-LITE www.hilightmfg.com</p>	<p>A complete light fixture manufacturer and are not simply in-house assemblers. Instead we are a true American manufacturer with full-blown fabrication capabilities. We have great flexibility with our designs giving you the unique ability to have your custom designs brought to light.</p>
<p>HOLM www.holmlighting.com</p>	<p>Architectural & Landscape Lighting for the commercial market with output up to 2,000 lumens. Our products are designed to meet required specifications while echoing the aesthetics of the project.</p>
<p>ICONE LUCE www.iconeluce.com</p>	<p>Elegant wall sconce, ceiling, downlight, and linear designs.</p>
<p>ILLUMINATING EXPERIENCES www.illuminationexperiences.com</p>	<p>A diverse portfolio with designs that range from European Contemporary to Traditional. Illuminating Experiences Collections (nine prestigious brands) consist of unique designs fabricated from hand-blown glass, fabric, acrylic and a wide variety of metal finishes</p>
<p>IMPACT ARCHITECTURAL www.impactltg.com</p>	<p>Designing lighting fixtures that get specifiers excited. Relevant designs, competitive pricing and prompt customer service. How can we help you create a little impact?</p>
<p>INNERMOST www.innermost.net</p>	<p>Embrace that vivid diversity, striving to be ‘as British as London itself’ – that is to say very British and yet highly adaptable and with a global vision. Their quirky and rebellious approach to design driven by high-spirited London culture.</p>
<p>ITAMA LUCE www.itamaluce.com</p>	<p>The Itama design is distinguished by the functionality and character of the simple and elegant lines. Warm lights and rigorous shapes ensure that the surrounding space will be transformed in a stage of colors and unforgettable emotions.</p>
<p>JESCO www.jescolighting.com</p>	<p>One of the nation’s fastest-growing lighting manufacturers offering a comprehensive selection of contemporary, architectural, energy-efficient lighting fixtures for a broad range of commercial, institutional and residential applications.</p>
<p>JUSTICE DESIGN www.jdg.com</p>	<p>From a contemporary bathroom light atop an elegant mirror to a dramatic sconce illuminating a formal entryway, Justice Design Group designs and produces clean-lined, distinctive lighting for residential, hospitality and commercial settings.</p>
<p>KOMEЕ www.komeeusa.com</p>	<p>A leading developer and innovator of LED solutions designed for both outdoor and indoor applications. The KOMEЕ LED product portfolio includes flood lights, high and low bays, road lights, high-CRI LED bulbs, LED retrofit kits, and weatherproof outdoor LED fixtures.</p>
<p>KUZCO www.kuzcolighting.com</p>	<p>Whether you are a residential customer looking for new ideas for your home, or a design professional with specific requirements for a project, Kuzco has something for you. We have a wide range of products from modern chandeliers to contemporary bathroom fixtures.</p>
<p>LEGION LIGHTING www.legionlighting.com</p>	<p>Legion has long been acknowledged as a premier manufacturer of high quality specification grade lighting equipment. Our engineers and designers are continually creating energy efficient lighting products to respond to the needs of the specifier.</p>
<p>LE KLINT www.leklint.com</p>	<p>Together with skilled designers and a dedicated LE KLINT team, obsessed with excellence, we continue to strive forward, focused on developing exciting technical yet functional lighting.</p>

<p>LEGION www.legionlighting.com</p>	<p>Leading Manufacturer and Designer of Architecturally Engineered Energy Efficient Commercial Lighting Equipment. LEGION'S fully staffed, advanced engineering department combined with the latest in three-dimensional CAD/CAM software enables us to prototype and prepare final design and production drawings.</p>
<p>LIGHTWAY www.lightwayind.com</p>	<p>Whether the need is for architectural inspired fixtures at affordable prices or more value-oriented fixtures, Lightway offers a wide range of choices that are manufactured to exacting quality standards.</p>
<p>LUMATO www.lumatolighting.com</p>	<p>Lumato specializes in creating linear LED products designed to enhance the visual quality of architectural spaces. We understand and appreciate all of the architectural components that together create a great space. The role of lighting within a space must be measured both functionally, as it must properly illuminate a space, and formally, as it must blend into a chosen design aesthetic.</p>
<p>LUMEN CENTER ITALIA www.lumencenteritalia.com</p>	<p>Lumen Center Italia is an Italian manufacturer with a cosmopolitan outlook which for the design of its products follows strict procedures, receptive to contemporary thinking with strong cultural and aesthetic roots.</p>
<p>ML www.muranoluca.net</p>	<p><i>ml</i> is by name and by deed, a combination of cutting-edge glass working techniques and the most in-depth stylistic research in the field of design. The aesthetic appeal of light and its colour properties is conveyed with a focus on functionality.</p>
<p>MODISS www.illuminatingexperiences.com</p>	<p>The Modiss Brand represents the work of talented Spanish lighting designers. Creatively combining wood, glass, metal and fabric our designers have imaginatively developed elegantly designed fixtures that will add character to any home or contract application.</p>
<p>NEMO www.illuminatingexperiences.com</p>	<p>Following philosophy and tradition NEMO has focused on the production of original lighting products. The result is a collection which now has a clear direction and reflection of the contemporary as well as the classical.</p>
<p>NESSEN LIGHTING www.nessenlighting.com</p>	<p>More than eighty years ago, Walter von Nessen introduced his first important lighting concept — the swing arm lamp for table, floor and wall applications. Nessen remains perfectionists whose primary market is the professional who appreciates what sets their products apart.</p>
<p>NIMBUS9 www.nimbusnine.co</p>	<p>nimbus9, Inc. set out to disrupt what has been a stagnant and overpriced controls industry. We offer an extremely simple yet robust controls experience that form fits to any application. Our unifi™ control platform allows for multi property scalability and individual asset performance visualization while being centralized in the cloud.</p>
<p>OTY LIGHT www.illuminatingexperiences.com</p>	<p>Cutting edge, decorative and functional, the Oty Light collection brings refined craftsmanship to the home or professional space. The contemporary understated elegance of our Architectural collection allows the brand to be popular for contract applications.</p>
<p>PEACHTREE LIGHTING www.peachtreelighting.com</p>	<p>Architectural grade down-lighting, cylinders and decorative products. Peachtree's products are ideal for architecturally sensitive and upscale applications including Hospitals, Health Care, Churches, Theaters, Auditoriums, Atriums, Hotels, Restaurants, and Specialty Environments.</p>
<p>PMC LIGHTING www.pmcighting.com</p>	<p>PMC Lighting products are instruments to create truly signature lighting solutions. Once an innovative design is created and produced, the need for the next evolution to the concept begins to emerge. Many of our designs were initially custom solutions that resolved design constraints for a specific customer.</p>
